## The Newsletter of The Village Turners

April 2002

### Demonstration 4 May 2002

Mays' meeting will be a demonstration of Victorian screw puzzles and thread chasing by John Berkeley. We have secured funding from the A.W.G.B. as a result of which we are able to offer FREE ENTRY to club members. £5 to non-members.

### April Meeting

Mike Wickham gave a very interesting demonstration of goblet turning. Those who made it to the meeting may have been lucky enough to also pick up one of his leaflets, telling you how to do it. If you weren't there, you missed an excellent demonstration but to tickle your appetite, the article from the leaflet can be found here.

### Request for help

Paul Jowett has asked me for a list of timber suppliers – I've suggested Manson Timber and Bedford Saw. Anyone care to volunteer others? He already knows about Lincolnshire Woodcraft.

On a similar note I received an email from Graham Booth as follows:-

### Yer Pays Yer Money...

...and yer takes yer chance' when you buy wood by mail order. Buying locally has its advantages – you can see what you're buying and talk to the man himself. At M.A.C. Timbers you'll have the luxury of browsing for blanks and planks where a 'cut to size' service is available.

Mike Cawthorne (the man himself) keeps reasonable prices on a variety of home grown

and milled timbers complimented by finishing sundries, abrasives and Chestnut products, at equally reasonable prices.

Doing it yourself?

Mike can also supply timber cut and planed to your dimensions.

Looking for that piece of quality bespoke furniture?

Mike's a turner and qualified cabinetmaker who's always happy to discuss your individual requirements.

Several Sale days are held throughout the year with demonstrations and refreshments available.

See you at the next one on
